

Auto Parts Retail

High performance security and quick customer service.

SECURE

Innovative, flexible locking solutions designed to be easy to use and tough to defeat.

FLEXIBLE

Fixtures that integrate into existing furniture with ease and quick set up.

CONVENIENT

A frictionless customer experience to access merchandise.

From the smallest tools to high-performance parts, InVue's secure solutions protect your most valuable merchandise and promotes the quick service your customers expect.

Our recommended solutions for Auto Parts retailer settings are part of InVue's OneKEY ecosystem, a storewide, single-key solution that increases sales, decreases theft and promotes associate safety.

Hanging Merchandise

Easy to use. Tough to defeat.

T1000

A simple push of a button dispenses one package at a time, and the five second delay deters thieves.

STOPLOK

A cost-effective solution that can be used on standard hooks or with the InVue Locking Hook base.

LOCKING HOOKS

The locking collar secures hook to provide a high level of security for hanging merchandise and premium accessories.

Packaged Merchandise

Fully visible, fully secure.

SAFER

A strong, polycarbonate box presents merchandise in a fully visible, fully secure display. Available in a variety of sizes to use as a standalone shelf solution, or layered onto Locking Hook for extra protection.

CABLE LOCK

Provides quick and easy installation with an audible "chirp" when armed that cannot be defeated by magnets.

Locked Merchandise

Secured with confidence.

SMART LOCKS

InVue's smart locks strengthen protection and track access to merchandise kept in cabinets and drawers, as well as backroom operations or rolling cages.

Business Solutions

InVue offers tablet solutions that are ideal for applications requiring a fixed location or robust mPOS systems that can be mobile in an instant.

NE360

Any device. Any payment. Anywhere.

The freedom to combine any tablet or mobile device, any payment terminal and any operating system to create a flexible mPOS solution. A fully powered and connected experience that can be instantly mobile.

CT200

High-security fixed tablet stand.

Ideal for applications that require tablets to be move infrequently. Tamper resistant and durable enough for high traffic environments.
