

Quick-Start Essentials Package for Grocery & Supermarket

Quick Access to Secured Essentials

ROBUST SECURITY

Innovative, flexible locking solutions are designed to be easy to use and tough to defeat.

CONTROLLED ACCESS

Visibility into associates' interactions with locked, hanging and shelved merchandise protected by InVue.

CONVENIENT

A quick, seamless experience to access merchandise and increase transactions.

Our recommended solutions for grocery and supermarket settings are part of InVue's OneKEY ecosystem™, a storewide, single-key solution that increases sales, decreases theft and promotes associate safety

OneKEY™

ecosystem

T1000

Safer

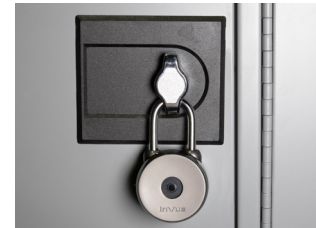

Bottle Cap

LOCKED MERCHANDISE

InVue's smart locks strengthen protection and track access to merchandise kept in cabinets and drawers, as well as backroom operations or rolling cages.

Cam Lock

OneKEY Padlock

ONEKEY DETACHER

The convenient security removal solution provides quick detaching and full authorization control for seamless checkout processes.

OneKEY Detacher

QUICK-START ESSENTIALS PACKAGE CONTINUED:

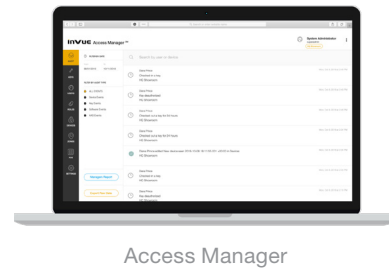

ONEKEY, KAS & CHARGING STATION

InVue's infrared technology enables OneKEY to transfer power and data to a wide range of security products, preventing theft and delivering actionable insights. Use the KAS programming station to assign associates a unique code with 12-hour time-out functionality and charge up to 10 keys simultaneously to eliminate downtime.

DATA AND ANALYTICS WITH ACCESS MANAGER

Access Manager can analyze lock interactions, pinpoint theft events, assist with product placement and report on associate and department productivity.

Solutions and quantities can be scaled based on location preferences. Contact InVue to start customizing your Essentials Package

No matter where or how you choose to employ tablets and mobile devices, InVue provides best-in-class solutions.

BUSINESS SOLUTIONS

InVue offers tablet and mPOS systems that are ideal for line-busting and By-Online, Pickup In-Store (BOPIS) activities to seamlessly unify complete store operations—from back room to curbside environments.
